

Take Your Business to New Heights

# The Baker Tilly Hong Kong Business Angel Programme

***Calling all Start Ups!***

If you have a great idea or have started a new business and are looking to grow, the Chamber would like to help.

The Baker Tilly Hong Kong Business Angel Programme, run by the British Chamber of Commerce, brings entrepreneurs and investors together to create exciting new partnerships. It gives entrepreneurs with new business ventures, or SMEs looking for funding to expand, the opportunity to present their business plan to potential investors (known as Angels).

Applicants, who do not need to be members of the British Chamber of Commerce, should be seeking to raise between USD100,000 to USD2,000,000. Shortlisted applicants will be given advice and assistance by a sub-committee of experienced professionals.

The next event will be taking place in March 2012 and the deadline for applications is **Friday 10th February 2012.**

If you're an entrepreneur or SME looking for investment, and would like to find out more about this programme, please visit our [website](#) or email [emily@britcham.com](mailto:emily@britcham.com).
